We report  
breaking news!

There has been an  
announcement from  
the blue house today  
that we have acquired  
our first hero.

According to them,  
the person who  
became a hero...

was the one who  
saved many people...

caught up in the  
Busan gas explosion.

Thus, it has been discovered that Park Jun-ho has a natural gift.

...What?!

After many talks, he has officially decided to become a hero for our country.

Jun-ah

This makes the third superhero in Hsu after China and Japan.

and the ninth country in the world to acquire a superhero.

So...

this... is how.
